academic  
modules

**5-7**  
US  
credits

**+**  
several  
company visits

**+**  
complimentary  
cultural program

*“Spending my summer in Germany was one of the most rewarding experiences I’ve had. There I learned in detail about how the EU works and what role Germany has played, and continues to play, in making the European Union successful. What I really find amazing about this program is how it was set up: they organized it in a way that allowed us to see all the regional tourist sites, learn from company visits, and work on in-class projects. The three weeks flew by since we were always on the go, either visiting a castle or learning about Brexit and its consequences. All the other students on the exchange were friendly and great company. I am very glad I decided to apply for this program!”*

Nisha Machnour Konda, Indiana University Kelley School of Business, USA
